

Omnis Managed Portfolio Service

- Balanced

March 2023

Portfolio Objective

The Service is designed for a balanced investor, with:

- Knowledge about financial matters, and shows some interest in keeping up to date with them.
- Some experience of investment, including in funds containing assets such as shares and government bonds.
- An understanding in general terms that investment products should be held for a minimum period of five years.
- An understanding that the value of their investments could rise or fall.

The Service aims to improve total returns and actively manage short-term risks through increasing or decreasing holdings in asset classes and individual funds. These allocations are determined by the Openwork Wealth Services Limited investment team, which benefits from full transparency of the funds' underlying investments, and is controlled through a strict governance framework.

Risk Range

The Openwork Partnership will risk-rate investors based on their answers to a number of questions and appropriate validation.

○ Limited risk ○ Cautious ○ Balanced ○ Adventurous ○ Speculative

The last 12 months...

When investing, it is always important to take a medium to long-term perspective. This is because shorter term periods can be much more volatile and deliver lower and sometimes negative returns, as illustrated by the rolling 12-month periods shown above.
